

Technical data sheet		TDS
Tetraphenyl dipropyleneglycol diphosphite		
THOP=CH8609		
Product Name		
Product Name	Tetraphenyl dipropyleneglycol diphosphite	
Alias	—	
CAS No.	80584-85-6	
Molecular Weight	566	
Structural Formula		
Quality Index		
Appearance	Colorless and transparent liquid	
Chromaticity (Pt-Co)	≤50	
Density (g/cm ³)	1.164~1.190	
Refractive Index (n _D ²⁵)	1.5570~1.5620	
Packing Method	200KG metal pail	
Application note		
<p>This product can provide good color and thermal stability during processing and after application. As an auxiliary stabilizer and chelating agent in PVC, it provides brighter and longer lasting color and can improve the thermal stability of PVC. It can also be used in polymers without food contact requirements.</p>
